

**WASHINGTON COUNTY REPUBLICAN PARTY
COUNTY COMMITTEE**

Resolution Condemning SB834 and Abortion Exceptions

Whereas, the OKGOP 2020 Platform states: "We believe that at the point of conception, a person is granted the rights guaranteed in the U.S. Constitution" (Section I, Subsection B, 'We Believe Line 1).

Whereas, the OKGOP 2020 Platform states: "We believe abortions are contrary to the Word of God and must not be approved (or supported by) or included in our party platform, with no exceptions. We believe intentional abortion is murder and should be treated as such in accordance with our state laws." (Section I, Subsection B, 'We Support' Line 4)

Whereas, Senator Daniel authored SB834 to bring abortion back to Oklahoma, after the Tulsa abortion clinic closed per HB 4327 passing in the 2022 Oklahoma Legislative Session.

Now, therefore, be it resolved by the County Committee of the Washington County GOP, that we condemn the actions of Senator Daniels, for violating the Republican platform by putting forward SB834 that expands abortion in Oklahoma.
